

# Material Safety Data Sheet

| Section 1: Chemical Product Company Identification |                                                                                                                                                                     |
|----------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Name                                       | Mupirocin EP Impurity D                                                                                                                                             |
| CAS No.                                            | 71087-97-3                                                                                                                                                          |
| Identified uses                                    | Pharmaceutical Reference Standard                                                                                                                                   |
| Details of the Supplier Company                    | SynZeal Research Pvt Ltd<br>Plot No. F, Ganesh Industrial Estate<br>423/24/8, MahagujaratInd Estate<br>Sarkhej-Bavla Road,<br>Ahmedabad-382 213.<br>Gujarat, India. |
| Telephone                                          | +91-7969225400                                                                                                                                                      |

| Section 2: Chemical Information |                                                                                                                                                        |
|---------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------|
| Chemical Name                   | 9-[[[(2E)-4-[(2R,3aS,6S,7S)-2-[(2S,3S)-1,3-dihydroxy-2-methylbutyl]-7-hydroxyhexahydro-4H-furo[3,2-c]pyran-6-yl]-3-methylbut-2-enoyl]oxy]nonanoic acid |
| CAS No.                         | 71087-97-3                                                                                                                                             |
| Molecular Weight                | 500.6                                                                                                                                                  |
| Molecular Formula               | C26H44O9                                                                                                                                               |

| Section 3: Hazards Identification |                         |
|-----------------------------------|-------------------------|
| <b>Emergency Overview:</b>        |                         |
| Appearance                        | White Hygroscopic Solid |
| Target Organs                     | NA                      |
| <b>Potential Health Effects:</b>  |                         |
| Eye                               | NIL                     |
| Skin                              | NIL                     |
| Ingestion                         | NIL                     |
| Inhalation                        | NIL                     |
| Chronic                           | NIL                     |

| Section 4: First Aid Measures |                           |
|-------------------------------|---------------------------|
| Eye                           | Wash with plenty of water |

|                    |                                                                                    |
|--------------------|------------------------------------------------------------------------------------|
| Skin               | Wash with plenty of water                                                          |
| Ingestion          | Medical assistance for gastric lavage.                                             |
| Inhalation         | Remove to fresh air, artificial respiration or oxygen if necessary.                |
| Notes to Physician | Mupirocin EP Impurity D can be washed with plenty of water in case of any exposure |

|                                    |                                                   |
|------------------------------------|---------------------------------------------------|
| Section 5: Firefighting Measures   |                                                   |
| Extinguishing Media                | Carbon dioxide, dry chemical powder, foam, water. |
| Unusual Fire and Explosion Hazards | None indicated                                    |

|                                        |                                                                |
|----------------------------------------|----------------------------------------------------------------|
| Section 6: Accidental Release Measures |                                                                |
| Personal Precautions                   | Wear self-contained breathing apparatus, avoid dust formation. |
| Spills/Leaks                           | Wash with plenty of water, provide adequate ventilation.       |

|                                  |                                   |
|----------------------------------|-----------------------------------|
| Section 7: Handlings and Storage |                                   |
| Handling                         | Wear surgical gloves              |
| Storage                          | Can be stored at room temperature |

|                                                   |                                    |
|---------------------------------------------------|------------------------------------|
| Section 8: Exposure Controls, Personal Protection |                                    |
| Respiratory Protection                            | Self-contained breathing apparatus |
| Exposure Limits                                   | NA                                 |
| Eye Protection                                    | Wear safety goggles                |
| Other Protective Equipment                        | Protective clothing                |
| Skin                                              | Full sleeves apron                 |
| Clothing                                          | Cotton                             |

|                                             |                         |
|---------------------------------------------|-------------------------|
| Section 9: Physical and Chemical Properties |                         |
| Appearance                                  | White Hygroscopic Solid |
| Odor                                        | Odor less               |
| Melting Point                               | NA                      |
| pH                                          | Basic                   |
| Vapor Pressure                              | NA                      |
| Vapor Density                               | NA                      |
| Evaporation Rate                            | NA                      |

|                          |                      |
|--------------------------|----------------------|
| Viscosity                | NA                   |
| Boiling Point            | NA                   |
| Decomposition Temp       | NA                   |
| Auto ignition Temp.      | NA                   |
| Flash Point              | NA                   |
| NFPA Rating              | NA                   |
| <b>Explosion Limits</b>  |                      |
| Lower                    | NA                   |
| Upper                    | NA                   |
| Solubility               | Chloroform, Methanol |
| Specific Gravity/Density | NA                   |

|                                        |                        |
|----------------------------------------|------------------------|
| Section 10: Stability and Reactivity   |                        |
| Chemical Stability                     | Stable                 |
| Conditions to avoid                    | Direct contact to skin |
| Incompatibilities with other Materials | Keep away              |
| Hazardous Decomposition Products       | NIL                    |
| Hazardous Polymerization               | NIL                    |

|                                       |     |
|---------------------------------------|-----|
| Section 11: Toxicological Information |     |
| CAS                                   | NA  |
| LD50/LC50                             | NA  |
| Carcinogenicity                       | NIL |
| Epidemiology                          | NIL |
| Teratogenicity                        | NIL |
| Reproductive Effects                  | NIL |
| Neurotoxicity                         | NIL |
| Mutagenicity                          | NIL |
| Other Studies                         | NA  |

|                                    |  |
|------------------------------------|--|
| Section 12: Ecological Information |  |
